Search Notes

Examiner Hardee,

- See L13, L23 and L24 on page 3, 4 and 6 for the structure queries of Formulas 3, 1 and 2, respectively.
- Formulas 3 and 1 only hit 1 answer and it is the current application, see L29-30, page 1, and L32, page 2.
- One compound was hit on Formula 3. This compound (RN 845958-46-5) was entered into Registry File but not in Chem Abstract, see L15, page 1, and L40, page 2. The compound was displayed on page 6-7.
- 13 answers on Formula 2 including the author. See page 8-67.
- 3 answers on the author's amphoteric compounds which were not included by the formulas 1-3, see page 67-75.
- 2 answers were retrieved from CAOLD on formula 2, page 75-77.

Please feel free to contact me if you have any questions or if you would like to refine the search query,

Thank you for using STIC services!
